## *About Music City*

Many movies have been made about Nashville. Enough books about Music City have been written to fill a bookcase. And, of course, scores of songs are dedicated to the city of music. But, while music is the lifeblood of Nashville, visitors will also find here a city of culture and history, of haute cuisine, of pro sports, outstanding academics, natural beauty and pure Southern charm. Nashville is a place where the past and the future peacefully coexist and build, one on the other, to create a destination that appeals to the interests of every visitor. This city is alive. You can feel its pulse when you walk down its sidewalks. And, fortunately, you can also hear it almost anywhere you go.

Nashville is easily accessible via three major interstates—I-40; I-65; or I-24. For those who wish to fly, there is Nashville International Airport. Tourists, residents and business travelers now have a new, convenient and inexpensive way to travel to and from the Nashville International Airport and downtown Music City. For just \$1.35, you can ride the Nashville MTA's route 18 Airport/Elm Hill Pike bus between the Nashville International Airport and Downtown Music City.
